

50kWh lead-acid battery cabinet for IoT applications

Overview

This 50KW/50KWH battery system includes ten LiFePO₄ modules, a 50KW inverter, and a smart EMS/BMS, all housed in a compact IP54 cabinet. It delivers reliable storage for peak load shaving, solar optimization, or backup support. Supplier highlights: This supplier is both a manufacturer and trader, has cooperated with Fortune 500 companies, offers OEM services, and can customize designs. Mainly exports to Zimbabwe, the United States, and Jamaica. 0% Installation completed, all equipment functions. Product description: HiPOWER 50KWH Lifepo4 512V 100Ah High Voltage Energy Storage System Battery Cabinet, > 6000 Cycles, perfect for residential, commercial and industrial energy storage application. Support Customization System Max. Built for commercial use, the system is robust, space-efficient, and. The Self-heating 5kWh battery model is expected to be in stock by late May The RS485 cable is used for monitoring the battery and firmware updates.
