

Cost of anti-corrosion cable trays in Lebanon

Article Overview

Anti-corrosion cable trays in Lebanon typically range from \$20 to \$150 per meter depending on material, type, and finish.

Types and Materials

Anti-corrosion cable trays are available in several materials suitable for harsh environments:

- **Stainless Steel (304L, 316L):** Highly resistant to corrosion, ideal for industrial, offshore, or coastal installations. Prices are higher due to material cost and durability .
- **Hot-Dip Galvanized Steel:** Offers good corrosion resistance at a moderate cost, widely used in commercial and industrial projects .
- **Aluminum:** Lightweight and corrosion-resistant, suitable for indoor and outdoor installations, often used for ladder-type trays .
- **Wiremesh Trays:** Flexible and easy to install, with open structures that reduce dust and water retention, available in coated or stainless steel finishes .

Cost Factors

The price of anti-corrosion cable trays in Lebanon depends on:

- **Material:** Stainless steel is the most expensive, followed by aluminum, then galvanized steel.
