

How long is the three-year warranty for the high beam module

Overview

HIMOINSA has announced an extended warranty period for its entire range of lighting towers — now covering three years or up to 4,000 hours of operation. The compact 90mm high beam LED headlights have a total internal reflector which improves driver's visibility. They are designed for hassle-free installation with a “drop-in” design that easily replaces standard 90mm headlight systems without any need for retooling. SYLVANIA will provide a free replacement with the same or a suitable replacement product if it fails to light. Cost of installation is not covered. This warranty does not apply to a VLEDS product that has been. The HELLA Bi-LED low beam and high beam headlamp SlimLine delivers excellent light performance in an angular design. All thanks to the option. and dependable vehicles. If something doesn't work as expected, we work directly with you to resolve it. That accountability shapes every design decision.
