

# How much does an imported high-end distribution box cost

## Article Overview

Imported high-end distribution boxes typically range from \$7.76 per unit for standard imports to several hundred dollars for advanced, high-end models.

### Average Import Pricing

According to import data, the average price for a standard imported distribution box is around \$7.76 per unit. This figure represents general imports and may include basic or mid-range models without advanced features or certifications. Prices can vary depending on the country of origin, shipping costs, and customs duties.

### High-End Distribution Box Pricing

High-end imported distribution boxes, such as the HPC High-End Distribution Box, are designed for commercial and industrial applications with advanced safety, monitoring, and power distribution capabilities. These models feature:

- High-grade materials for durability and corrosion resistance
- Advanced safety mechanisms including over-current, over-voltage, and short-circuit protection
- Optional intelligent monitoring for real-time voltage, current, and power consumption tracking
- Optimized internal layout for efficient power distribution and minimal interference
