

How to Choose Cable Trays in the Middle East

Article Overview

Cable trays in the Middle East require durable, corrosion-resistant materials, compliance with regional standards, and solutions tailored for high temperatures, coastal environments, and industrial applications.

Key Manufacturers and Suppliers

Several leading manufacturers provide high-quality cable trays in the Middle East:

- Al-Babtain Power & Telecommunication (UAE) specializes in heavy-duty cable trays for industrial and energy sectors, offering custom designs for complex cable management systems .
- Emerald Steel Industries (UAE) produces hot-dip galvanized and pre-galvanized trays suitable for indoor and outdoor applications, serving oil & gas, industrial facilities, and power plants .
- Future Pipe Industries offers integrated pipe and cable management solutions widely used in infrastructure and energy projects .
- West Port Cable Tray provides a broad range of cable trays, ladders, trunking, and Unistrut channels, with finishes including GI, hot-dip galvanized, stainless steel, and epoxy-coated options .

Types of Cable Trays

- Ladder Type: Ideal for heavy-duty applications, supporting long cable runs with minimal support .
