

Indonesian Fiber Optic Cable Production

Article Overview

Indonesia has a growing fiber optic cable manufacturing industry, with several key players like PT Voksel Electric Tbk, BICC BERCA, and CCSI leading the market.

Key Manufacturers

- **PT Voksel Electric Tbk:** This company specializes in manufacturing optical fiber cables and has a detailed production process that ensures the durability and performance of their products. They focus on solutions for Fiber to the Home (FTTH) and Fiber to the X (FTTX) applications, making them a significant player in the telecommunications sector .
- **BICC BERCA:** Established as a trusted leader in the cable industry, BICC BERCA produces high-quality energy and fiber optic cables. They emphasize innovation and customer focus, ensuring their products meet global standards for reliability and durability .
- **CCSI (PT Communication Cable Systems Indonesia Tbk):** CCSI is recognized for producing high-quality fiber optic cables, including underwater cables. They have a production capacity of 2,500,000 km of fiber optics per year and are known for their commitment to quality and safety in manufacturing .
- **PT ZTT CABLE INDONESIA:** A subsidiary of Zhongtian Technology, this company focuses on fine manufacturing of communication and power grid products, including fiber optic cables. They have invested significantly in advanced manufacturing equipment to ensure high-quality production .
