

Ireland GPON equipment QSFP28

Article Overview

QSFP28 transceivers enable high-speed 50G-100G GPON deployments in Ireland, supporting both short-range and long-range optical networks with MPO or LC connectors.

Overview of QSFP28

QSFP28 (Quad Small Form-Factor Pluggable 28) is a hot-swappable transceiver form factor designed for 100GbE and 50G GPON applications, aggregating four 25G electrical lanes to achieve high throughput while maintaining a compact footprint . It supports multiple optical variants, including SR4 (short-range), LR4 (long-range), CWDM4, and ER4, and is compatible with IEEE 802.3bm and SFF-8636 standards . QSFP28 modules are widely used in data centers, metropolitan area networks, and high-performance computing networks due to their high bandwidth density and low power consumption .

50G GPON QSFP28 Modules

For GPON applications, Superxon 50G ONU QSFP28 transceivers provide single-fiber bi-directional links with asymmetric TX/RX rates (24.8832Gbps TX and 49.7664Gbps RX). These modules are hot-pluggable, operate at 3.3V, and feature high-sensitivity APD receivers, making them suitable for next-generation GPON deployments . They comply with the latest QSFP28 MSA standards, ensuring interoperability with compatible GPON ONUs and OLTs.

100G QSFP28 Modules

GPON/EPON SFP Modules

Explore our range of GPON and EPON SFP modules from Ubiquiti Networks. Perfect for high-performance fibre network solutions

TP-Link DS-P7501-08 DeltaStream 8-Port Pizza-Box XGS-PON & GPON

High Scalability: Supports a 1:128 splitting ratio for GPON services and 1:256 for XGS-PON. High-Speed Uplink Ports: (2) 100G

100G QSFP28 Transceiver Modules | Optical Transceivers

The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, enterprise core & distribution

GPON Shop | Your source for optical LAN equipment.

Why Buy Products from GPON Shop We are a low-cost provider GPON/Optical LAN products. All items are sold new and come with

SFP Modules

IP CCTV, WLAN, SAT TV, TP-Link, antennas, cameras, coaxial cables, LAN devices, twisted pair cables, UTP, FTP, switches,

Ireland GPON Market (2025-2031) | Value & Industry

6Wresearch actively monitors the Ireland GPON Market and publishes its comprehensive annual report, highlighting emerging

How Ireland Closed a Rural Broadband Gap the Rest of the World

Learn how Ireland's national fiber plan has nearly erased the rural broadband gap, with rural speeds rising more than 13

Buy Refurbished Calix GPON Equipment – Ideal for Altnets, ISPs

Buy refurbished Calix GPON equipment for Altnets, ISPs & telcos. Get cost-effective, high-quality GPON solutions with

What Is QSFP28? A Clear Explanation of 100G Transceivers

Learn what QSFP28 is, how 100G transceivers work, key standards, module types, and common deployment scenarios in modern

Ireland Gigabit Passive Optical Network (GPON) Chipset Market

Analyze the Ireland Gigabit Passive Optical Network (GPON) chipset market, focusing on industry outlook, forecasts, and key

SFP+/QSFP Factories & Pricelist in Ireland

We leverage extensive production capacity to help our Irish customers outperform competitors by providing high-quality SFP, SFP+,

PowerEdge QSFP28 SR4 100GbE 85C optic Customer Install | Dell Ireland

The Dell™ QSFP28 transceiver delivers fiber connectivity to extend the range of your network. This hot-pluggable transceiver with

Dell Networking Transceiver, QSFP28, 100GbE, SR1.2, BD, LC

The Dell™ QSFP28 transceiver delivers fiber connectivity to extend the range of your network. This hot-pluggable transceiver with

Dell Networking Cable QSFP28 to QSFP28 100GbE Passive Copper

These copper cables are designed as a cost-effective and lower power alternative to optical cable assemblies for short length

OLT Devices| High-Quality Optical Line Terminals

Explore our range of high-quality GPON, EPON, and XG(S)PON OLT products. Find the perfect Optical Line Terminal solutions for

SDX 600 Series

Adtran's SDX 600 Series offers flexible GPON ONTs, from compact SFPs to multiport units, supporting voice, data and high-speed
