

List of Unit Distribution Box Models

Article Overview

Distribution boxes come in various types and models, including surface-mounted, flush-mounted, pole-mounted, single-phase, three-phase, modular, and smart DB boxes from leading manufacturers.

Common Types of Distribution Boxes

- Surface Mounted DB Boxes – Installed directly on walls, suitable for retrofits and industrial environments .
- Flush Mounted DB Boxes – Embedded into walls for a clean appearance, commonly used in residential and commercial buildings .
- Pole Mounted DB Boxes – Designed for outdoor applications like street lighting and utility distribution .
- Single Phase DB Boxes – Ideal for residential properties and small commercial loads .
- Three Phase DB Boxes – Used in industrial and large commercial facilities requiring higher power capacity .
- Lighting Distribution Boxes – Dedicated to managing lighting circuits .
- Power Distribution Boxes – Support sockets, equipment, and heavy machinery .
- Control Distribution Boxes – Integrate control components such as relays, contactors, and timers .
- Smart DB Boxes – Include energy monitoring units and communication modules for real-time data and remote control .
