

Low price of flame-retardant cable trays in Australia

Article Overview

Affordable flame-retardant cable trays in Australia are available from suppliers like Ferrotech, Ozstrut, EzyStrut, Trafalgar Fire, and Anchor Products, offering FRP and fiberglass options with fire safety compliance.

Key Suppliers and Options

Ferrotech Pacific offers FRP cable tray systems made from fire-retardant resins reinforced with fiberglass, providing Class 1 fire retardancy and high corrosion resistance. Options include Isophthalic Polyester (IFR) and Vinyl Ester resins, suitable for industrial and marine environments, with non-conductive and UV-resistant properties .

Ozstrut provides fire-rated cable trays designed for commercial, industrial, and infrastructure projects. Their T3 Series supports both light and heavy-duty applications, ensuring circuit integrity during fire events while offering modular designs for faster installation .

EzyStrut supplies FRP cable ladders that are lightweight, corrosion-resistant, and compliant with safety standards. These ladders are cost-effective due to their high strength-to-weight ratio and long-term durability .

Trafalgar Fire Products offers a range of fire-resistant cable trays as part of their passive fire protection systems, suitable for critical installations requiring compliance and safety .
