

Maldives Standard Distribution Box

Article Overview

Distribution boxes in the Maldives are available in various sizes and types, including 24-way, 100-pair, and IP65-rated waterproof models suitable for indoor and outdoor use.

Types and Specifications

1. Standard Residential and Commercial Boxes

- Commonly available from local suppliers like Multi Brothers Pvt Ltd and Sonee Hardware, these boxes are used for housing circuit breakers, MCBs, ELCBs, and wiring connections .
- Sizes vary from small 24-way boxes to larger 100-pair boxes for more extensive installations .
- Materials typically include durable plastic or sheet steel, depending on the application.

2. Waterproof and Industrial-Grade Boxes

- The tsnetworks Surface-Mounted Distribution Box is an example of a robust industrial option available in the Maldives.
- Features include IP65 protection, which ensures complete resistance to dust and water, making it suitable for outdoor or harsh environments .
- Constructed from high-quality sheet steel with a perforated mounting plate and chrome-plated closure, it is ideal for industrial or large-scale electrical setups .
- Dimensions for this model are 40 x 30 x 18 cm, and it includes a pre-assembled cylinder lock for security .

3. Local Availability and Suppliers
