

Moroccan Cable Tray Prices and Installation Methods

Article Overview

Cable tray installation in Morocco typically ranges from \$5 to \$100 per meter depending on material, type, and customization requirements.

Price Overview

The cost of cable tray installation in Morocco varies significantly based on material, tray type, size, and installation complexity. Common materials and their approximate price ranges per meter are:

- Steel trays: \$5–\$25 per meter, widely used for general-purpose installations due to durability and cost-effectiveness .
- Aluminum trays: \$6–\$30 per meter, lightweight and corrosion-resistant, suitable for humid or industrial environments .
- Fiberglass (FRP) trays: \$10–\$50 per meter, ideal for aggressive environments requiring chemical resistance .
- Stainless steel trays: \$20–\$100 per meter, highly durable and corrosion-resistant, used in heavy-duty or critical applications . Tray type also affects cost:
- Ladder trays: Open design, economical, allows easy cable access and ventilation, suitable for high-density installations .
- Solid bottom trays: Provide full support for cables, slightly more expensive, used where cable protection is critical .
