

Original Norwegian Galvanized Cable Tray Manufacturer

Article Overview

Oglaend System is a leading Norwegian supplier of galvanized cable trays, offering global distribution and local production in Norway.

Key Supplier: Oglaend System

Oglaend System, founded in 1977 in Sandnes, Norway, is a prominent supplier of multidiscipline support systems, including galvanized cable trays and cable ladders . Their main production plant in Kleppe, 30 km south of Stavanger, serves the Norwegian market and supports industries such as oil & gas, shipbuilding, infrastructure, wind energy, and marine farming . The company is part of the Hilti Group, ensuring high-quality standards and reliable supply chains . Oglaend System offers the MultiGrid® installation concept, which can reduce project costs by optimizing installation, engineering, and future modifications .

Additional Suppliers and Wholesale Options

For bulk purchases or alternative suppliers, platforms like go4WorldBusiness list verified Norwegian suppliers of galvanized cable trays, offering competitive pricing and export options . These suppliers provide a range of cable tray types suitable for industrial and commercial applications, including hot-dip galvanized finishes for corrosion resistance.

Product Types and Applications

Norwegian galvanized cable trays are typically made of steel with protective coatings to withstand harsh environments. They are used for:
