

Pre-connected fiber optic splice box

Overview

This product is a cable distribution device for subscribers' terminals in an FTTH system. It terminates, branches, distributes, and splits optical fibre and cables, and manages and protects optical fibre and cables. Future-proof high-speed data transmission: Splice boxes from Phoenix Contact ensure continuously reliable real-time data transmission. Supports connections to single optical plugs in customer homes. Ideal for both indoor and outdoor environments like walls, roofs, basements, garages, yards, and columns. Compatible with above-ground. Corning Fiber Optic Splice Closures are designed for splicing fibers in aerial, duct and buried applications. This splice box is equipped to accommodate a range of couplings, providing flexibility in connection options.
