

Price quote for electrical distribution box accessories and wiring

Article Overview

The cost of wiring accessories for a complete electrical distribution box typically ranges from \$50 to \$500 or more, depending on brand, capacity, and included components.

Overview of Components and Pricing

Wiring accessories for distribution boxes include DIN rail terminals, feed combs, mounting bases, end caps, and connection terminals. For example, Legrand offers a variety of DIN rail terminals and accessories:

- Mounting base 4811 for DIN rail: 16-424 pcs depending on pack size
 - Connection terminals 4844, 4832, 4830, 4835, 4834, 4846: suitable for conductors from 1.5 to 25 mm², with maximum currents of 80 A and voltages up to 400 V
 - Single-pole feed combs for 13 circuit breakers: 334 pcs
 - End caps 37550 for terminal blocks: 28 pcs
 - Terminal block 400400 with screw terminals and transparent cover: 10-464 pcs depending on configuration
- Prices for these components vary by quantity and supplier, but individual DIN rail terminals and feed combs typically range from \$2 to \$20 per piece, while complete accessory kits for a standard residential distribution box can cost \$50-\$150. Larger commercial or industrial setups with higher amperage and multiple circuits can reach \$300-\$500 or more .
