

Which companies are representative of optical module manufacturers

Article Overview

Leading optical module manufacturers include InnoLight, II-VI, Eoptolink, Huawei, Cisco, Accelink, Topstar Technology, and CIG Shanghai.

Top Global Manufacturers

- InnoLight (Zhongji Innolight Co., Ltd.) – A high-speed optical module solution provider specializing in 100G, 200G, 400G, and 800G modules for data centers, telecom networks, and backbone transmission. InnoLight has a strong global presence and serves major cloud vendors like Meta, Google, and Amazon .
- II-VI Incorporated – Acquired Finisar, a leading optical module company, and ranks among the top suppliers globally. II-VI provides a wide range of optical transceivers and coherent modules for telecom and data center applications .
- Eoptolink (Chengdu Eoptolink Communication Technology Co., Ltd.) – Offers over 3,000 optical module products, including solutions for data centers, wireless transmission, access networks, and intelligent connected vehicles. Eoptolink complies with international standards like TUV, CE, UL, FCC, and RoHS .
- Huawei (HiSilicon) – Produces high-end optical modules, including coherent DWDM modules, and has invested heavily in developing a local supply chain for optical devices .
- Cisco – Manufactures optical modules through acquisitions such as Acacia and Luxtera, providing solutions for enterprise networks, data centers, and telecom infrastructure .

13 SFP Module Manufacturers in 2026

This section provides an overview for sfp modules as well as their applications and principles. Also, please take a look at the list of 13

Top 10 Optical Module Manufacturers' Annual Reports ...

By 2025, its 800G optical module shipments will exceed 5 million units, making it the global "shipment champion" in

Top 24 Optoelectronic Devices Manufacturing Companies

Read on to explore the top optoelectronic devices manufacturing companies. 1. OSI Optoelectronics, founded in 2006 and based in

Top 10 Global Optical Modules in 2023: Chinese Manufacturers

Recently, LightCounting, a market research institution in the optical communication industry, released the latest version

Top 10 Optical module manufacturers in the World 2025

Are you curious about which optical module manufacturers stand out in today's competitive market? Understanding the top factories

Optical Module Chip Market 2025

The optical module chip market exhibits a fragmented yet competitive structure with global technology providers, semiconductor

Optical Transceiver Companies

The company specializes in manufacturing optoelectronic devices for optical communications. Its product range includes chips,

LightCounting :: May 2025 Optical Vendor Landscape

The report also includes a review of the latest mergers and acquisitions and their impact on the market landscape. This report takes

Optical Modules Market Research Report 2034

Optical Modules Market Outlook 2025-2034 The global optical modules market was valued at \$14.8 billion in 2025 and is projected to

Top 10 Optical Module Brand & Manufacturers

After more than 20 years of hard work, O-Net Technology has grown into the world's largest supplier of optical communication

Top 10 Optical Module Brand & Manufacturers

Find the Top 10 Optical Module brand, manufacturers, and exporters. Get the contact details and addresses of companies producing

Top 10 Optical module company China Products Compare 2025

Are you curious about which optical module factories in China stand out from the crowd? With the rapid growth of technology,
