

Wholesale price of multimode 8-shaped optical cable

Article Overview

Wholesale 8-core multimode optical cables typically range from \$0.50 to \$3 per meter, depending on manufacturer, quality, and order volume.

Pricing Overview

The wholesale price of 8-core multimode optical fiber cables varies based on factors such as fiber type (OM1, OM2, OM3, OM4), cable construction (armored, direct burial, indoor/outdoor), and supplier location. On platforms like Alibaba, bulk orders from Chinese manufacturers often start around \$0.50–\$1.50 per meter for standard multimode cables, with prices decreasing for larger quantities or OEM orders. Premium brands like Corning or AFL may cost \$2–\$3 per meter for high-quality multimode fiber with guaranteed performance.

Supplier Options

- **Alibaba and Made-in-China:** Offer a wide range of factory-direct 8-core multimode cables with customization options, including length, jacket type, and fiber specifications. Bulk orders can significantly reduce per-unit cost.
- **CableWholesale and Fosco Connect:** Provide multimode fiber cables in bulk for indoor and outdoor applications, including duplex and distribution cables. They also offer discounts for large-volume purchases and additional accessories like connectors and converters.
- **Mouser Electronics:** Stocks 8-fiber assemblies suitable for OEM or smaller-scale wholesale orders, with datasheets and inventory details available for comparison.
